

What is the Flagler Long Term Recovery Coalition?

A composite of government, private and public agencies, businesses, faith-based organizations and private citizens working together to assist individuals in the long term recovery process of rebuilding their lives after a disaster; including hurricanes, wildfires, tornadoes and hazardous spills.

What I know for sure is that behind every catastrophe, there are great lessons to be learned. Among the many that we as a country need to get is that as long as we play the "us and them" game, we don't evolve as people, as a nation, as a planet.
Oprah Winfrey

FLAGLER LONG TERM RECOVERY COALITION

*If we are together nothing is impossible.
If we are divided all will fail.*
Winston Churchill

Bunnell, FL 32110

A Note from the Coalition

We were formed in August of 2005 after we saw the need to help our neighbors in their recovery after the Hurricanes of 2004.

The Coalition provides collaborative leadership in assessment of long term needs for recovery and rehabilitation that can be most effectively met or assisted by this community.

Through case management, the Coalition will pre-qualify those in need and then network to match resources to needs. We will be diligent to make sure the system is not misused and or duplicated and those who are truly in need are the ones being assisted.

Our mission is not possible without the commitment and partnership of organizations and individuals within our community. There are a number of ways to help, like donation of materials or funds, volunteering on our coalition or on-site to help the victims of the disaster, technical assistance from builders, plumbers, electricians and numerous other trades people, reduced rates on supplies, and many other things, the possibilities are endless.

If you would like a member of the
Flagler Long Term Recovery Coalition
to speak at your next meeting, please
contact us at: info@fesv.org
